

The Shed Demonstration Verge

6 Conyngham Street, Glenside
Planted on 6 August 2021

Design features

- Low growing groundcovers and tussocks - maximum height to be kept to 500 mm from water table.
- All native, including species indigenous to the Burnside area and common horticultural natives.
- Low maintenance - some trimming will be required.
- Low water requirements - sub-surface irrigation drippers have been installed.
- Non-weedy species.
- No dangerous species (e.g. thorns and spikes).
- Layout allows for collection of waste bins, access for pedestrians to parked cars, and protects existing street trees.

2 m wide unplanted for bins and pedestrian access to parked vehicles. Mulch only.

1m wide unplanted for pedestrian access to parked vehicles. Mulch only.

1 m width unplanted area adjacent to kerb for pedestrian access to parked vehicles. Mulch only.

Existing street trees (Crepe Myrtle)

Area 1

- *Carprobrotus rossii*
- *Lomandra 'Shara'*
- *Juncus subsecundus*

Area 2

- *Grevillea obtusifolia*
- *Lomandra 'Little Pal'*
- *Juncus subsecundus*

Area 3

- *Eremophila 'Kalbari Carpet'*
- *Orthrosanthus multiflorus*
- *Scaevola 'Mauve Clusters'*
- *Lomandra multiflora dura*
- *Eremophila subterretifolia*
- *Lomandra multiflora dura*

Area 4

Indigenous species:

- *Calocephalus citreus*
- *Chrysocephalum apiculatum*
- *Dichondra repens*
- *Helichrysum scorpioides*
- *Kennedia prostrata*
- *Lomandra densiflora*
- *Lomandra multiflora dura*
- *Pultenaea pedunculata*
- *Vittadinia blackii*

Area 5

- *Scaevola 'Mauve Clusters'*
- *Lomandra 'Little Lime'*
- *Goodenia ovata* (prostrate form)
- *Eremophila glabra 'Roseworthy'*
- *Lomandra 'Little Con'*

Area 6

approx. 10.5m²

- *Casuarina 'Cousin It'*
- *Correa 'Dusky Bells'*
- *Lomandra 'Little Lime'*
- *Goodenia ovata*

Area 7

- *Casuarina 'Cousin It'*
- *Lomandra 'Little Lime'*
