mayor's message

Welcome to Focus. Over these last three months I have continued to meet with various community groups, getting to know them and their work within our community, as well as forge the important link between these organisations and Council. As a small snapshot I have met with Lions, Rotarians, Probus Club members, the CFS, Photography Awards' and Heritage Award winners, successful Community Grants applicants and visited the new facilities at Burnside Hospital. I have also attended a highly successful Japanese Cultural Day, the first Korean Night and the inaugural indigenous round of rugby; a game played between Old Collegians and Burnside rugby clubs and opened the Burnside Painting Group's SALA exhibition.

Together with our Deputy Premier and Member for Bragg, The Honourable Vickie Chapman MP, I conducted a Memorial Service at Alexandra Avenue, commemorating the planting of trees on the Avenue to mark the return of soldiers to South Australia at the end of World War 1. In addition I conferred Australian Citizenship on 91 new citizens who came from countries as widespread as Egypt, India, Iraq, the United Kingdom, Malaysia, Nepal, Vietnam, China, South Korea, the Philippines, Brazil, Sri Lanka, the United States, the United Arab Emirates, Singapore, Latvia, Germany, Bangladesh, France,

Kuwait and Qatar. This ceremony continues to be a testament to the diversity in our community and to the belief that Australia (and particularly South Australia and Burnside) is a place of equality and opportunity, with communities that offer acceptance, inclusion and respect.

Thank you to those who provided feedback on our Annual Business Plan and Summary for 2019/20, which was endorsed by Council at the end of June. I encourage you to take the time to read the summary document provided in this issue which seeks to explain how your rates are contributing to our services. This is a targeted annual process, involving you, your Elected Members and Council staff as the budget is constructed for the next year; ensuring our responsibilities and expectations are balanced and met. Our budget identifies our achievements, as well as some of the challenges we face. We strive to continue to focus on our services, as well as preserve the level of amenity, activities and infrastructure expected by our ratepayers.

There are many opportunities for you to engage and partner with us in decision-making. In this edition you will note our survey being undertaken as part of consultation on proposed Asset Management Plans. Aside from being a legislative requirement, these documents ensure effective investment in assets by providing a planned, systematic approach to asset management and the investment required over the next ten years to ensure they meet service levels. The format and layout of the plans have been amended over time in an attempt to improve transparency and to make the documents easier for us all to read and understand.

I have previously highlighted the ongoing State Government reform in the area of planning, heritage and development. Council will also be putting forward heritage reform motions and a position to the Local Government Association to advocate for current heritage classifications and protections including Historic Conservation Zones/Policy Areas and Contributory Items, to be transitioned in their current form and protected in the new planning system, in addition to supporting implementation of recommendations made in the Parliamentary Heritage Inquiry. There is also current consultation by the State Government on reforms to the Local Government Act. Through these agendas and reform efforts I encourage you to continue to lobby and engage with your government and local representatives to ensure your concerns are captured as we continue to reform, protect and to advocate for our valued heritage items, promote responsible development and provide responsible local governance.

Finally, a special thank you to our Operations and Environment team and Biodiversity volunteers for their efforts in preparing for and holding the annual Local Native Plant Day in July and thus promoting local indigenous plants to our community. We were blessed with lovely weather and at the end of the day found new homes for more than 2,400 plants.

Congratulations also to Beaumont Bowling Club for recently being awarded the Best Bowling Club in South Australia.

Anne Monceaux
Mayor

tell us how to spend Your Neighbourhood Budget

Have you ever thought of great and creative ideas that would improve your experience at your local park?

Can you suggest improvements to community spaces or buildings?
Got an idea for a project or event?

There is \$40,000 available to spend on projects in your neighbourhood. You can tell us how to spend Your Neighbourhood Budget. Submit your ideas online or find out more about Your Neighbourhood Budget via engage.burnside.sa.gov.au

burnside news

Flood plain mapping

Burnside has recently updated its flood plain mapping of all catchments within the City to determine the extent of inundation, and the potential hazards, from storm events in the catchments.

This flood plain mapping will be used by Council to plan mitigation options that reduce the consequences of flooding, to identify predicted flood depths at existing problem areas and to improve flood forecasting / warning in critical locations.

For further details on the flood plain, including the new maps, please go to: www.burnside.sa.gov.au/Environment-Sustainability

December Street Party Incentive

The December Street Party Incentive Program is offered to residents of the City of Burnside to encourage the community to host street parties. December is an ideal month that communities might want to come together to celebrate. These types of self-organised events have the potential to promote community cohesiveness across the City. The Program offers a flat fee of \$100 for all expenses related to road closures associated with street parties during the month of December 2019 (usually \$330 - \$430). For more information and to register your interest, please visit the December Street Party page at www.burnside.sa.gov.au/Latest-News

George Bolton Swimming Centre Burnside Opens for Season 2019/20

The George Bolton Swimming Centre Burnside reopens for the summer season on Saturday 21 September 2019. With a new toddler playground installed during the off season and three heated outdoor pools situated in the beautiful Hazelwood Park, the Centre is the perfect place to spend some quality time. The Burnside Swim School classes commence on Monday 14 October 2019 teaching swimming strokes and water safety. Lessons operate during the school term with friendly, qualified staff. For more information please see our website www.burnside.sa.gov.au We hope to see you at the Centre soon and, as always, remember to 'Watch Around Water'.

EHA Immunisation Program

Immunisation is a proven, safe and effective way of protecting children and the community against harmful diseases. Eastern Health Authority (EHA) provides immunisation programs on behalf of the City of Burnside. By appointment only on Mondays: 23 September, 14 and 28 October, 11 and 25 November, 9 December Bookings at eha.sa.gov.au or call 8132 3600.

New Daily Moves Program

Older residents living in the eastern region of Adelaide are encouraged to dust off their active wear and get moving through a new program called Daily Moves. The program, jointly funded by eastern Councils and the Federal Government, will engage up to 800 participants over the age of 65 for physical health assessments and personalised exercise plans. The City of Unley is hosting the program and City of Burnside residents are welcome.

For more information and to register your interest, please visit www.unley.sa.gov.au/daily-moves

Ondrea, Charlotte and Harvey putting their food scraps in the kitchen organics bin

green waste

How your food waste can save money

Did you realise that using bins correctly will not only help the environment, it will also save money and help keep your council rates down?

The biggest difference you can make is to ensure all your food waste goes into the organics bin (green lid) with your garden clippings.

Everything that goes in the waste bins (red lids) goes to landfill. Landfill has many issues, and food waste is one of them. Food waste decomposes extremely slowly in landfill, which produces harmful methane gas.

The cost of landfill is also an issue. The State Government recently increased the Solid Waste Levy – a cost Council pays for every tonne of waste sent to landfill. It costs hundreds of thousands of dollars every year to send waste from Burnside residents to landfill.

This expenditure has a direct impact on residents, with the unexpected increases in the Solid Waste Levy forcing Council to increase rates higher than planned.

if it grows,
it goes!

There is a solution. Putting food waste in the organics bin (green lid) is beneficial in many ways. Food waste collected from organics bins is taken to a composting facility where it breaks down quickly and produces very little methane gas. The final product is valuable compost, packed full of nutrients and used by farmers and gardeners. The processing and sale of these products creates industry and jobs, in what is known as a circular economy.

The bottom line is important, too. Sending organics to be composted costs a fraction of the amount it costs to send waste to landfill. So, an effective way for you to help reduce pressure on Council rates is to make sure your kitchen scraps go in the organics bin.

What goes in the organics bin?

As a rule of thumb, if it grows, it goes in the organics bin.

All food scraps should go in the organics bin. If you have cardboard or paper mixed with food waste it should also go in the green bin. That includes pizza boxes, tissues and paper plates. Hair, nail clippings and even pet waste can go in the organics bin (wrap it in paper or use a compostable bag). Meat and seafood can go in the organics bin, too. If you are worried about odour, items like seafood shells can be kept in the freezer until bin night.

Council provides kitchen organics baskets and some free compostable bags for every household each year.

The Council website has further information or visit whichbin.sa.gov.au for details about which materials go in each bin.

have your say about dog management

Dogs on leads in the City

Dogs can be off a lead in every open space in the City of Burnside when under effective control of their owners. Burnside is also the only metropolitan council that doesn't have parks and reserves where all dogs must be on a lead.

However the state *Dog and Cat Management Act* requires that Council provides areas for dogs to be off a lead and on a lead in the City. The Act says that Council must have provision in some parks or reserves for all dogs to be on a lead.

Our parks and reserves are for everyone, including our furry friends. So together we need to find a solution to this issue to ensure that our City is complying with the state laws.

Identifying one park or reserve in our City that should become fully on lead for dogs at all times, will comply with the Act, but will disadvantage the dog owners that only use that reserve. For this reason, this is not a preferable solution.

Another way to comply with the Act is to agree that dogs must be on a lead a certain distance from a playground or pool in all parks and reserves; or that dogs must be on a lead a certain distance from the sideline of a sporting game or during club sport training. You may also have some other suggestions on a solution.

Do we need another dog park?

The Conyngham Street dog park in Glenside is the only dedicated park of this type in the City. Although the land on which the park is located is subject to a 10 year lease from the State Government, the lease can end at any time with nine months written notice from the Minister for Sustainability, Environment and Conservation.

Acquiring land or repurposing an existing piece of Council-owned land, to accommodate a permanent dog park, requires long-term planning and funding. We are seeking your feedback on another dog park and in which area the dog park could be located.

Have your say

You can complete the survey:

- over the page and return it with your Asset Management Plan survey that is enclosed in this edition of Focus newsletter.
- and post it to Reply Paid 9, Glenside SA 5065.
- online at engage.burnside.sa.gov.au
- drop it into the Civic Centre at 401 Greenhill Road, Tasmore.

Please return your survey by 5 pm Friday 4 October 2019.

Need more information?

Contact Council's Strategic Community Engagement Officer, Bernie Auricht, on 8366 4200. You can also email your queries to burnside@burnside.sa.gov.au

have your say dog management survey

The *Dog and Cat Management Act* requires that Council has to have some areas in our City where dogs are permanently on a lead. We need your help to find a solution.

Do you support dogs being on a lead a certain distance from all playground equipment in all parks and reserves?

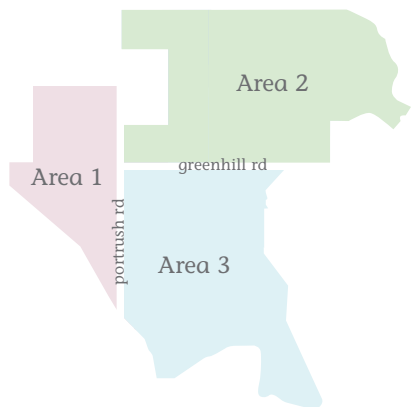

- Yes No

Do you support dogs being on a lead a certain distance from the sideline of all sporting games or during club sport training in all parks and reserves?

- Yes No

The current dog park is not on Council land and we are planning in case of any future changes. Acquiring land or re-purposing an existing piece of Council-owned land, to accommodate a permanent dog park, requires long-term planning and funding. We are seeking your feedback on another dog park and in which area the dog park could be located.

We have divided the City into three areas. Please indicate in which area you recommend another dog park should be created.

Do you want another dog park?

- Yes No

Where should another dog park be located?

- Area 1 Area 2 Area 3

Do you have any other feedback or ideas on locations for dogs to be on leads?

Please provide your contact details below

Individual responses and your contact details remain confidential. Anonymous responses will **not** be included in the results.

Please return your survey by **5 pm Friday 4 October 2019**. Thank you for your feedback.

2019/20
Annual
Business Plan
and Budget
Summary

Council recognises the financial pressures residents and businesses are currently facing, and we remain committed to providing a high level of service to our community while remaining fiscally responsible. This Annual Business Plan and Budget is based on a 2.80* per cent rate increase.

Following the completion of our community engagement process on this plan and the proposed rate increase, the State Government unexpectedly increased the Solid Waste Levy - the price per tonne for the disposal of waste to landfill - by almost 40 per cent as part of its 2019/20 Budget. This had a direct flow on impact for our residents and ratepayers as the cost for Council to dispose of household waste to landfill will increase. While acknowledging there would be an increase in some form, this amount was unprecedented and consequently changed the proposed rate increase that the community gave feedback on.

We continue to pursue and implement savings and efficiency targets and acknowledge the need for ongoing reform, with Council seeking to achieve savings of \$370k in 2019/20; bringing our total savings target to \$800k when taking into account the savings already identified from the LED lighting project almost completed for the betterment of our community.

*average rates increase for all properties except Vacant Land

Cost of business

Every year Council estimates the increase in the 'cost of business' (COB) to deliver services to the community (ie construction and maintenance of roads, footpaths, drains, parks, facilities and environmental projects, staff salaries and contractor costs such as waste management and recycling).

State Government cost pressures and cost increases above general inflation are also considered.

For the 2019/20 financial year the estimated COB increase is 3.60 per cent. Council is able to keep the rate increase below the COB rate by setting a \$0.37m savings target.

The Annual Business Plan and Budget was adopted by the City of Burnside Council on 25 June 2019. This document is a summary of the Annual Business Plan and Budget for 2019/20, our highlights from 2018/19 and our rating strategy for the City.

Key challenges for 2019/20

Cost pressures, often from sources outside the control of Council, directly affect the 'cost of business' to deliver services to our community.

The key challenges facing Council in 2019/20 year include (but are not limited to):

It will always be a challenge to balance Council rates and the capacity to deliver the 119 services at the current service levels to the community; to maintain the \$668m asset base; to continue to strive for effectiveness and efficiencies in our business and achieve financial sustainability.

Our finances

Where funds will go \$48.02m

- **Library and Community Learning: \$3.09m**
Library materials, toy library, outreach library service (library bus), author events, cultural days and history events
- **Community Support and Wellbeing: \$0.93m**
Pepper Street Arts Centre, 3Rs program, Men's Shed, Community Transport, grants, sponsorship, Home Assist service
- **City Maintenance and Waste Management: \$26.60m**
Graffiti removal, city cleaning, street sweeping, footpath maintenance, storm damage response, park furniture maintenance, tree planting, biodiversity nursery, tree maintenance, tree planting, playground maintenance, verge mowing, park and reserve maintenance, hard waste collection, illegal dumping collection, maintenance of assets and infrastructure
- **Community Centres and Events: \$1.29m**
Managing school holiday programs and community centres across the City and coordinating events at the centres
- **Communications and Engagement: \$1.27m**
So you can Have Your Say and find out what is happening in your community – website, social media, online consultation, Annual Report, Business Plan and Budget, Focus Magazine, eNews, community consultations, Annual Community Survey
- **George Bolton Swimming Centre, Burnside: \$0.39m**
- **City Development and Safety: \$5.15m**
Bushfire prevention, dog control and animal management, Eastern Health Authority (immunisations, public health, food safety in food businesses), licensing, development applications, heritage
- **Customer Experience: \$1.44m**
Call centre, after hours call centre, waste enquiries, possum and cat trap hire, bookings for parks, tennis courts and banners, venue hire, parking permits, new resident information, possum box sales, compostable bags, compost bin sales
- **Strategic Projects: \$1.21m**
For projects such as Conyngham Street Depot Redevelopment, Magill Village Master Plan, Kensington Gardens Reserve Master Plan, Constable Hyde Memorial Gardens redevelopment
- **Assets and Infrastructure Upgrades: \$6.65m**

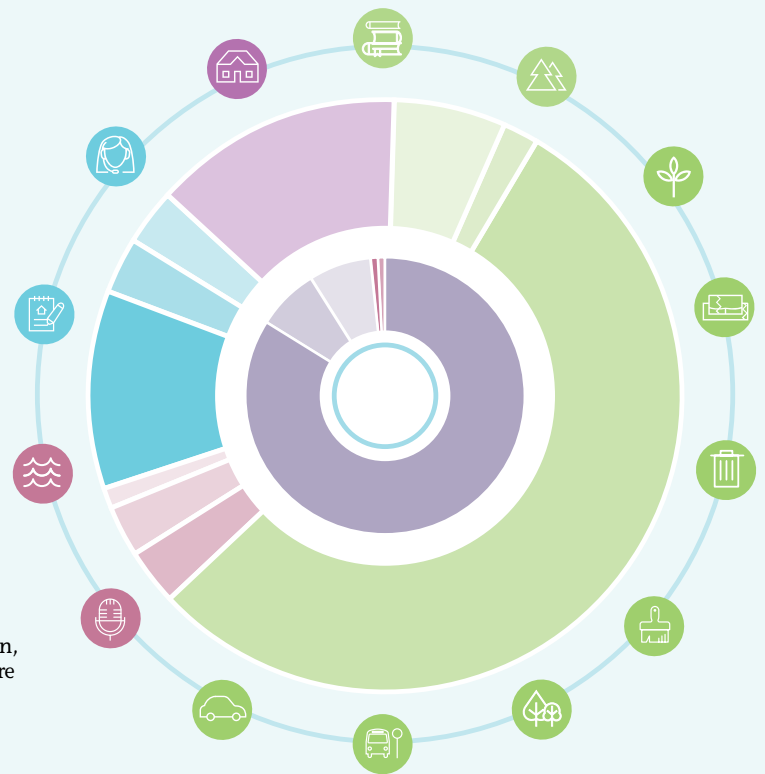

Rates

The City of Burnside seeks to achieve rate stability over time while ensuring that the services, projects and infrastructure needs of the community are met.

The fundamental principle of intergenerational equity within the community and as assessment of the impact of rates across the Council's area forms the criteria for annual rates modelling, which is then used to develop a planned review of the basis of rating each year.

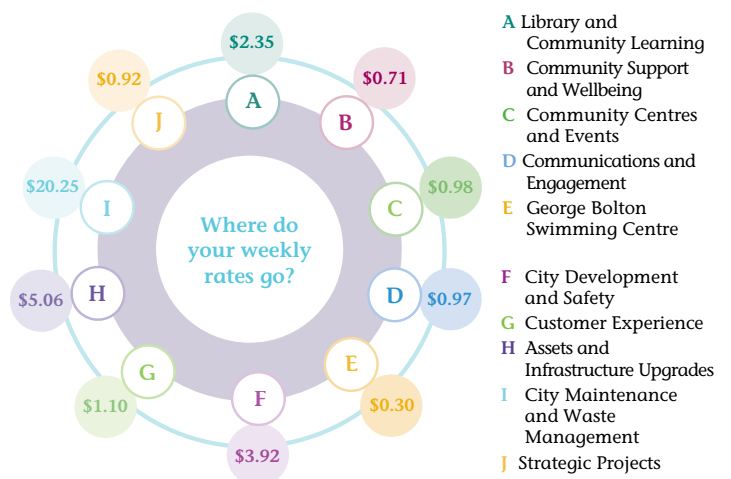

The City of Burnside's Rating Policy provides detail on land valuations and valuation objectives. Council's rating strategy can be found in the full 2019/20 Annual Business Plan and Budget document which is available to download from www.burnside.sa.gov.au

2.80 per cent average rate increase across the City means an average rate across all properties of \$1,901/year or \$36.50/week:

Where funds come from \$49.05m

- **Rates: \$41.11m**
A property tax that is the main source of income for Council
- **User and Statutory Charges: \$3.60m**
Statutory - fees/fines levied through animal registrations, development fees and parking fines
User - charges for using specific Council services eg hire of Council facilities, swimming centre income
- **Grants and Subsidies: \$3.63m**
From State and Federal Governments
- **Reimbursements: \$0.35m**
Reimbursements for private works and from insurances and workers compensation claims
- **Other income: \$0.36m**
Interest earned, rebates received, income from recyclables, investment income

*These figures are based on approximate apportionments of total Operating Income and Expense and is based on average rates (across all properties) of \$1,901 per annum (\$36.50/week)

Achievements and initiatives from the Strategic Plan

These are highlights of our 2018/19 achievements and 2019/20 strategic initiatives; providing and maintaining high quality services and programs for our community.

Our 2018/19 achievements

- The Wheel Park Research project to investigate suitable locations for a skate park in the City of Burnside was completed and the results will be presented to Council in the 2019/20 financial year.
- Construction commenced on the Conyngham Street Depot Redevelopment and on upgrades to the Civic Centre such as the refurbishment of the Town Hall and the installation of a lift to provide community access to the space.
- The undergrounding of powerlines on Magill Road as part of the Magill Village Project is nearing completion and the Burnside and Campbelltown Councils continue work on a design for the redevelopment of the precinct.
- The first stage of the redevelopment of the Constable Hyde Memorial Garden was completed with the official opening of the new play space.
- Council assumed operational responsibility for the heritage-listed Regal Theatre, the first council to manage a movie cinema in South Australia. Under Council's management the theatre has been repainted, the auditorium and foyer revamped, a new sound system installed, and patronage increased. A conservation management plan for the theatre will be presented to Council in late 2019.
- **The Light Emitting Diode (LED) Upgrade project that saw over 4,000 of City of Burnside's street lights upgraded to energy efficient LEDs was completed.** 
- The Urban Forest Interactive (UFI) website was launched along with our Burnside Urban Foresters program; winning numerous state and national awards and commendations. UFI communicates the benefits of the Urban Forest through the utilisation of Council data collected on over 40,000 public street and park trees.
- Initial investigations and survey completed to inform the Mount Osmond Road Stability Assessment report.
- The Hills Face Reserve Vegetation Management Plan was updated. This plan guides future biodiversity and bushfire fuel management actions.
- In line with the Asset Management Plan:
 - **Designed and implemented upgrades to reserves, playgrounds, sports fields and tennis courts.**
 - Undertook the renewal of, and installed new, footpaths, kerbing and stormwater drainage infrastructure, and road cracksealing and resurfacing projects.

- The Your Neighbourhood Budget pilot project was launched in late 2018 inviting the community to submit proposals for projects that they wanted Council to implement in their neighbourhoods. This project will again be funded in 2019/20.
- A pilot of a Place Making Grants project, Fund My Place, awarded small grants to residents, schools and businesses that applied with projects to transform their local streets, laneways, parks and footpaths. This program will be combined with the Your Neighbourhood Budget in 2019/20.
- Continued commitment to the Brown Hill Keswick Creek Project; a collaboration between the Cities of Burnside, Mitcham, Unley, West Torrens and the City of Adelaide to develop a Stormwater Management Plan for the Brown Hill and Keswick Creek catchment. 

Strategic Initiatives for 2019/20

The capital works program will see an investment of **\$15.8m** into upgrades of local sporting facilities, activation of the Glenunga Hub plaza precinct, redevelopment of Constable Hyde Memorial Garden (Stage 2), funding for a Wheel Park concept design (pending the results of the community consultation), replacement of the toilets at Penfold Park and the redevelopment of the Glenunga Tennis Club rooms and the completion of the Conyngham Street Depot. The revitalisation of the south-east corner of Kensington Gardens Reserve wetland and tennis court re-development will see the existing unsafe artificial lake replaced with a wetland that will treat urban water pollution and significantly improve the amenity of the site for the community.

\$573k for operating projects and additional new services and initiatives which aim to green and protect our City including funding for a new pedestrian actuated crossing on Greenhill Road, Hazelwood Park, continue the Mount Osmond Road landslide prevention works, develop the initial environmental and biodiversity strategy, prepare a new Resilient East Climate Adaptation plan, develop a new Strategic Community Plan, provide further commitment to the Native Tree Program and continue our commitment to obtaining the views of our community through the 'Your Neighbourhood Budget' project. We continue to appreciate the importance of heritage and conservation through dedicating appropriate resources and, of course, providing playgrounds and other suitable recreational equipment and facilities.

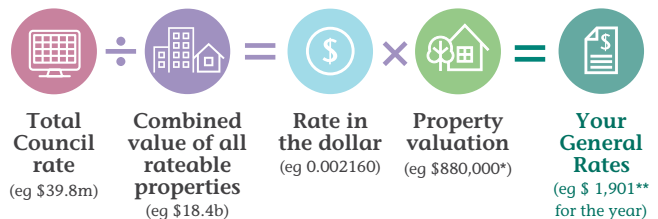

A complete listing of the 2018/19 achievements will be presented in the 2018/19 Annual Report due for publication in December 2019. A full listing of all projects that will be implemented in 2019/20 can be found in the complete Business Plan and Budget at www.burnside.sa.gov.au or from the City of Burnside Civic Centre.

Calculating your rates

The City of Burnside uses valuations from the State Valuation Office. If you do not agree with the Valuer General's valuation of your property, please contact the State Valuation Office within 60 days of receiving your Annual Rates Notice at GPO Box 1354, Adelaide SA 5000; telephone 1300 653 345; email lsgobjections@sa.gov.au; online at www.landservices.sa.gov.au

The rate in the dollar determines how much you pay according to how much your property is valued.

Ratepayers who hold a current Seniors card will be eligible to postpone any rates in excess of \$500 less any concession entitlement. Interest will accrue on postponed balances.

*The capital value used by Council for your property is provided by the State Valuation Office.

** A differential general rate of 200 per cent is charged for vacant land.

Garage Sale Trail

Saturday 19 and Sunday 20 October 2019

Garage Sale Trail is Australia's biggest weekend of garage sales. It's happening on Saturday 19 and Sunday 20 October 2019. You don't need to have a garage, just set up in your front yard or join in with your neighbours!

The City of Burnside is bringing Australia's biggest community and sustainability event, Garage Sale Trail, to the local area this October.

Garage Sale Trail is a great way to declutter, make some money and meet your neighbours. Sellers in 2018 made an average of \$309 at their garage sale and made 46 new connections in their community.

Free to register and participate.

Households, schools, community groups and local businesses are invited to host a sale or shop the Trail, joining over 400,000 Australians in this nationwide movement that sees over 3 million kilograms of items re-used and saved from landfill.

For shoppers, Garage Sale Trail is a great opportunity to pick up a bargain and do your bit for the environment by preventing perfectly good items going to landfill. www.garagesaletrail.com.au/City-of-Burnside

CoB community day – reduce, re-use, resell

Saturday 19 October
9 am – 1 pm

Glenunga Hub,
Conyngham Street, Glenunga

Don't want to have a sale at your house?

Council is hosting a free community event for those who would prefer to set up their sale with others or for those wishing to come along to shop, shop, shop! It will also be a great event for children to enjoy activities on offer.

Limited spaces so book early. To book a FREE table for this event, email burnside@burnside.sa.gov.au or call Megan and mention Garage Sale Trail on 8366 4200.

FREE

- Face painter 9.30 am – 12.30 pm
- East Waste truck
- Roving costume characters
- 'Let's Be Sustainable' interactive music concert
- Making home-made musical instruments
- Origami activities
- Nature craft
- Sustainable community information sessions

More than 3,000 people visited the Library and Civic Centre on Saturday 29 June to celebrate Japanese Cultural Day, organised by the Australian Japan Association of SA.

They enjoyed Japanese martial arts, dancing, music, games, clothing and handicrafts and explored the many stalls, Japanese food and a huge Japanese book sale. One of the most popular activities was trying on colourful kimonos.

Invited guests included Adam Wynn, Honorary Consul-General of Japan in SA, Mayor Anne Monceaux and Jason Davies, President, Australian Japan Association of SA.

Japanese Cultural Day at the Civic centre

Special guest Mr Shunsuke Saito, Deputy Consul-General of Japan, flew in from Melbourne for the event (pictured left).

L – R: Jayden Atijatuporn, Alice Braithwaite, Daisy Braithwaite with the Mayor, winners in the Junior Youth category in the Mayor's Photography Awards (10-12 years).

awards

Your Neighbourhood Budget

Your Neighbourhood Budget was a participatory budgeting pilot program in 2018/19, providing a total of \$20,000 to spend on small projects within the community.

Successful applicants were Valerie Litster, Tanya Lewis, Adelaide Eastern Community Childcare Centre, Damian Raphael and David Gilbert.
engage.burnside.sa.gov.au

Fund My Place

Fund My Place was also a pilot project in 2018/19, aimed at bringing people together to transform a public space in their neighbourhood. Successful applicants were Preethi Kotera, Wendy Muir and Susila Palani.
engage.burnside.sa.gov.au

Burnside Heritage Awards

The Burnside Heritage Awards recognise restorations and development on pre-1950s properties which maintain or enhance the City's historic built environment, acknowledge the City's unique heritage and contribute to the revitalisation of the City as an attractive place in which to live, work and play. Successful applicants were Clayton Wesley Uniting Church and Alby Troisi.

2019/20 Community Grants

As part of the grants program Council funded some excellent and innovative events and programs which benefit the Burnside community as a whole. More than \$50,000 was granted to 21 organisations. Council recognises the local community sector plays a vital role in empowering people to have an active role in shaping their own future and achieving their aspirations.
