

Burnside Heritage Grant Scheme

The City of Burnside Heritage Grant Scheme (HGS) assists owners of State and Local Heritage Places and Representative Buildings within the Historic Area Overlay of the SA Planning and Design Code, with the grant funding towards conservation work of the property.

What Grant funding is available?

The Council will refund 50% of the cost of approved eligible conservation work up to a maximum of \$2,000 in a financial year. The total project value of any potential HGS project must be greater than \$1,000.*

Who may apply for Grant funding?

Owners of Local Heritage Places and Contributory Items within a Historic (Conservation) Zone in the City of Burnside may apply once every five years for Heritage Grant funding.*

What kind of work is eligible for Grant funding?

Conservation works to the building exterior of the original historic part of the structure, including works that restore, conserve, or reinstate deteriorated heritage fabric are eligible for funding. There are a number of terms and conditions associated with eligible Heritage Grant Scheme funding.*

What kind of works are not eligible for Heritage Grant funding?

Refer to the terms and conditions for a full list of works that are not eligible.*

Applications

How do I apply for this grant?

Step 1 - Initiate

Discuss your proposed work with Council. If eligible work, Council will inspect and photograph the deteriorated elements, then send you the appropriate 'Approval in Principle Certificate' and Application Forms.

Step 2 - Apply

First obtain Development Approval for the work, if required. Then obtain 3 quotes from licensed contractors to undertake each component of the proposed work, and submit copies of these with your Application.

Step 3 - Acknowledgement

Council will review your Application and then advise you in writing if proposed scope of work, materials and contractor are acceptable. Once you receive this conformation letter you may commence the conservation work.

Step 4 - Completion

After the work is complete, you submit copies of itemised receipts showing proof of payment for completed work. Council will then inspect and photograph the completed works. If all work is consistent with the Approval in Principle, and Terms and Conditions, funding will be provided in accordance with the heritage grant guidelines.

Materials and Workmanship

Materials and workmanship must be to the highest standards and must follow all specifications issued by Council and/or listed on Council's Approval in Principal Certificate for that property. Replacement of any materials must be 'like for like'.*

*Terms and conditions apply.
